PLEASANTVILLE, PA.

HARVEY J. HOPKINS,

PLEASANTVILLE, VENANGO COUNTY, PA., was born in Indiana County, Pa., October 20, 1848, and being the eldest of a large family was obliged to work hard in his boyhood days upon the farm during the summer months and going to Country District school in winter, being obliged to walk about two miles to and from, and by close attention to studies procured a good, common school education; and did all kinds of work, while quite young, that he could get to do, to assist in the support of the family while his father was in the army, receiving but small pay, and in 1864 he also enlisted as a private soldier, and carried a musket when but 15 years of age.

In 1866 and '67 he was employed in the lumber woods of Clearfield County, Pa., as an employer, making square timber, after returning home accepted a situation in the store of Mr. H. B. Miller, Plumville, Pa., remaining until the Pleasantville oil excitement, and on July 4, 1868, landed in Pleasantville, securing a clerkship in D W. Henderson's store, remaining nearly three years, leaving to take a commercial course at Duff's College, Pittsburgh, Pa. After graduating in that branch, procured a position as traveling salesman for a wholesale glass house in Pittsburgh, traveling constantly for about two years, returning to Pleasantville, Pa., in February, 1873, in the employ of Mr. Henderson again until May of that year, forming a copartnership with Mr. A. Holeman (whose daughter he afterwards married), under the firm name of Holeman & Hopkins, for many years in the mercantile and oil producing business, and did a very large business; having stores in Pleasantville, Tionesta and Tidioute, Pa., and became associated with M. C. Goss, as the Colwell Creek Lumber Co., manufacturing lumber in Warren County, Pa., quite extensively; also with many others in the production of oil in the different fields of Pennsylvania and West Virginia, is President of the Olin Gas Engine Co., whose works are at Buffalo, N. Y.; and has become one of the best known business men in Northwestern Pennsylvania.

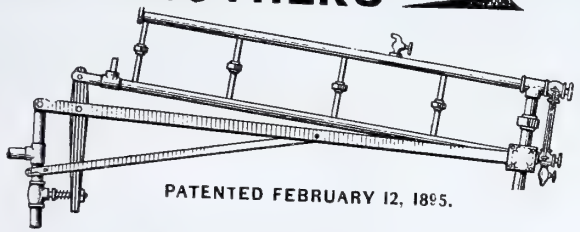
STRAUB BROTHERS'



PATENTED FEBRUARY 12, 1895.

PATENT AUTOMATIC FEED WATER REGULATOR.

Is Almost Indispensable After You Have Once Used It.

IN FUEL, ENGINES, BOILERS, LABOR, SAFETY, ETC., IT WILL SAVE MANY TIMES ITS COST IN A SHORT TIME.

It will always keep the water where you want it.

It will take care of the water in a boiler equally as well as a gas regulator takes care of the steam pressure.

It does not work by jerks, by opening the valve wide open or by closing it tight; but has a steady feed, gradually opening or closing the valve as the water goes up or down in the boiler.

It can be used any place where the opening and closing of a valve is all that is necessary to control the feeding of the boiler.

It works by means of an expansion pipe, and is connected at its lower end with the water compartment of the boiler and at the upper end with the steam compartment. The expansion pipe is connected to a condenser pipe with branch pipes, and the condenser pipe is provided with an air cock to keep the expansion pipe constantly charged with live steam.

The regulator may be used in connection with a pump, inspirator, gravity or any system capable of forcing water into a boiler.

Our regulator works equally as well on a battery of boilers as on a single boiler by using our Pump Regulator.

THE **Siverly Cash Store,**

Is making a reputation as a good place to save money. The stock is general, consisting of nearly everything except groceries, and is sold on the cash system. This, with the advantage of cash buying, no rents, and without the heavy expense of stores in general, makes it possible to quote prices that are hard to compete with.

Fishing Tackle

Is a specialty in which they have a trade extending over a large territory. Telephone connection with Oil City and exchanges, aud mail orders given prompt and careful attention.

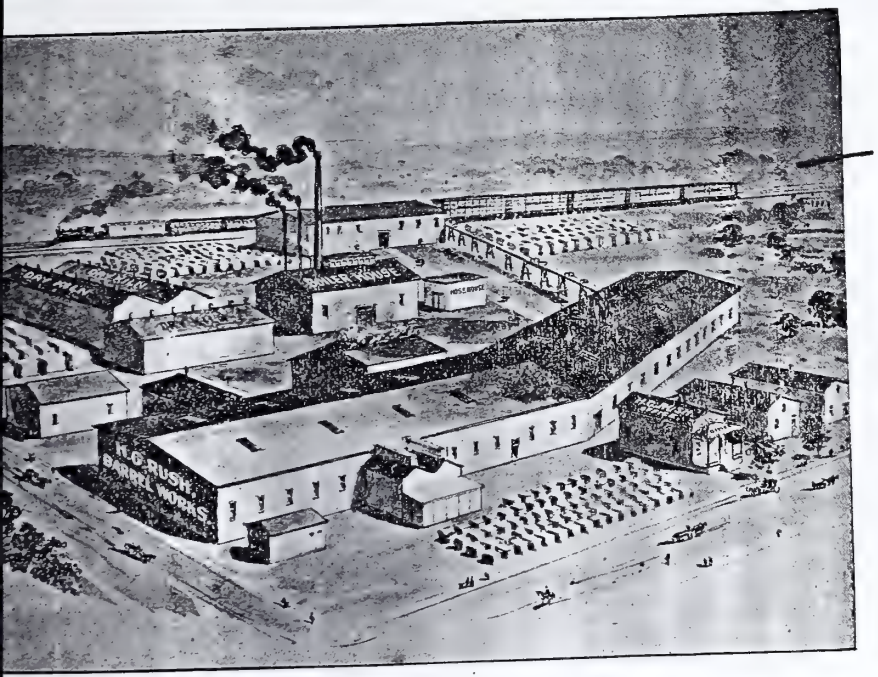
THE

H. G. RUSH BARREL WORKS,

OIL CITY, PA.



The above works, which are located along the W. N. Y. & P. R. R. track, near McClintockville, are the largest and most complete barrel works in all this section of country. The main building is 52x300 feet, and together with the outbuildings covers three acres of ground. They are fitted up with all the latest improved machinery and appliances and have a capacity of 1,500 barrels a day, and when running in full blast employ between 80 and 100 men. The material used is all first-class, the timber being the very best seasoned oak obtainable, while the hoops and rivets are of the highest grades.

H. G. Rush, whose postoffice address is Oil City, Pa., not only manufactures oil barrels, but is prepared to receive orders for anything in the cooperage line, from the smallest to the largest sized packages. The work done at this establishment is known all over the county and stands A1.

RESIDENCE OF

S. H. MCKINNEY, Cranberry Township.

Samuel H. McKinney was born November 2, 1835, in Cranberry Township, where he was reared and attended the public schools. He also obtained a fair academic education at the Franklin Academy and a select school at Pleasantville, after which he taught school for several terms. Since that time farming has been his principal occupation, excepting a brief interval of oil producing. He was elected Township Clerk at the first election at which he cast a vote, and since that time has held several public offices of trust. For a number of years he was School Director of Cranberry Township, and in 1887 was elected County Commissioner by the unprecedented majority of nine hundred and ninety-nine. In that responsible position he has proven an efficient and capable official. He is a resident of Cranberry Township, where he has a fine farm, and is also interested in oil territory. He married Rebecca Ann, daughter of J. H. Borland, an early resident of Cranberry, in the vicinity of the old Cumberland Presbyterian Church, of which he was long an elder. Mr. and Mrs. McKinney are the parents of four sons and eleven daughters. He is a Republican in politics and a member of the Royal Templars of Temperance.

WM. H. SAYRES.

William H. Sayers, Cranberry, Pa., was born October 18, 1864, in Rockland Township, and came to Salina when about three years old. Since that time he has resided there, attended the public schools until about seventeen, then went to Edinboro State Normal School, afterwards attended Iron City College, Pittsburg, Pa., from where he graduated. Mr. Sayers has always taken great interest in the welfare of his township and has filled various offices of trust. At the age of nineteen, in his spare moments he learned telegraphy and at the early age of twenty-one he embarked in the mercantile business, at first in a very small way, but gradually increased his stock until now he has one of the best general stores in Venango county, having in stock all goods usually found in a first-class store. He has three departments in his store and also has the Western Union Telegraph office. It is located near the central part of the town. In coming in contact with its enterprising proprietor you will find him courteous, obliging and always ready to show goods. Mr. Sayers was postmaster under the Administration of President Harrison. When you remember that he started in life with no capital, except energy and ability, his present abundant means is ample proof of what industry and square dealing will accomplish. Besides attending to his large mercantile business he is an active promoter of various public enterprises, and is known as a thorough, active and energetic business man. He is at present one of the School Directors of his township and a member of the Methodist Church, in which he has always taken an active part. He is a Knight Templar, Mason and an I. O. O. F. and K. O. T. M.

RESIDENCE OF

DAVID BARCROFT, Kaneville.

The subject of this sketch, David Barcroft, oil producer, was born in Pittsburg in 1844, and is the fourth son of William Barcroft, a carpenter, who reared five sons and a daughter, and died in Pittsburg. David attended the public schools of his native county, and early in life started out for himself, coming to the oil region in 1865 from Ohio, he was first employed as a tool dresser on the Columbia farm. Up to 1878 he was operating wells for others; he about that time formed a partnership with J. W. Kirkwood, which has been very successful. They purchased several fine producing farms and are now reckoned among the leading producers of the township. He located in Kane City about 1879, and married, in 1885, a Miss Kirkwood.

RESIDENCE OF

J. W. KIRKWOOD, Kane City, Pa.

80 wells, with a production 1,000 bbls. monthly.

J. W. Kirkwood, oil producer, is a native of Butler County, this State, a son of James Kirkwood, and was born June 13, 1853. He was educated in the common schools and has been in the oil business since he was seventeen years of age. His family moved into Venango County in 1867. From here he went to Forest County in 1870, but was unsuccessful at that time in drilling for petroleum. Four years later he tried again, this time with better results. From 1874 to 1877 he followed drilling, farming and mining, and later turned his attention again to producing oil. Soon afterward he formed a partnership with with David Barcroft, and the firm own and operate some of the richest oil lands in the county. Mr. Kirkwood is a member of the Masonic and K. of L. orders. He was married in Rouseville September 30, 1885, to Miss Lovina J. Kirkwood and has two children: Minnie May and John Howard.

View of Residence and Family of JACOB F. NEELY, Kane City, Pa.

Jacob F. Neely, the subject of this sketch, is an oil producer and was born in Clarion County, this State, November 22, 1837, his parents being Paul and Elizabeth (Myers) Neely. His father was a native of Westmoreland County, moved to Clarion County about 1830, and to Venango County in 1847. He served in all the regimental offices of the State Militia, was orderly sergeant of the Fourth Pennsylvania Regiment, enlisting in 1861, and serving eight months. He was 52 years of age at the time he entered the war and the father of eight children. He died in November, 1883, his wife having preceded him to the grave in 1875. Our subject received a common school education and began for himself in the lumber business in Elk County, this State. In 1861 he caught the oil fever and now has a farm of one hundred and twenty-four acres with thirty producing wells thereon. He married, January 1, 1862, Matilda Milnor, a native of Mercer County, and to this union have been born seven children: Tona, Dora, Murdith, Maud, Nevada, Frank P. and Herbert. He is a member of the Masonic order, was a charter member of the first I. O. O. F. lodge of Oil City, and has served the Democratic party as township committeeman.

CYRUS D. RYND.

Cyrus D. Rynd was born in Cornplanter Township and was educated in the common schools of Pittsburg, Beaver Academy and Duff's Commercial College. He began business in Pittsburg as general agent for the Wilson Sewing Machine Company and remained with them six years, farmed two years in Fayette County, and in 1881 took charge of the Rynd farm, where he now resides. He was for five years a merchant, and from 1882 to 1887 the postmaster. He was married in Pittsburg, April 30, 1874, to Miss Eliza Blair, who has borne him two children: Nancy, born, July 23, 1876, died December 18, 1877, and John Dickson, born January 5, 1878. Mr. Rynd is the great grandson of Ambrose Rynd, who came to America from Ireland in 1738 and located first in Westmoreland County, this State; he is the grandson of John Rynd, and the son of John Rynd, the second. RESIDENCE OF

Hon. PETER BERRY, Cornplanter Township.

Peter Berry, oil producer, was born in Erie County, N. Y., April 15, 1846, of German parentage, his father, John Berry, who was a weaver by trade, immigrated to America in 1832 and settled in Clarence, Erie county, N. Y. Our subject was educated in the common schools and Fredonia Academy, Chautauqua County, N. Y. In 1868 he began tool dressing at Tidioute, Warren County, this State, and became first interested in the oil business in 1872 at Fagundus, and in 1876 became associated with Grandin Brothers and J. M. Clapp. They opened up the famous Balltown field in 1882, drilling nine wells before getting oil and then struck a well that produced one thousand barrels a day. He is interested in the fields mentioned and other territory in Forest and Warren Counties. He came to this county in 1889 and purchased six hundred and one acres of land. He was elected to the Legislature from Forest County in 1884, receiving the largest majority ever given any man for that position by the voters of that county, and that, too, during the year of the defeat of the Republican candidate, Hon. James G. Blaine, for the Presidency. He was married September 28, 1882, to Annie L. Mardens, a native of Lockport, N. Y., and has two children, Leland T. and Ada I. He is a member of the Masonic order. His post office address is Plumer, Venango County, Pa.

RESIDENCE OF

PETER BANKSON, near Rouseville.

Peter Bankson, the well-known oil producer, was born in Halmstad, Sweden, September 17, 1843, and came to Wilcox, Elk County, this State, April 27, 1869. Was employed as sawyer for Wilcox Lumber Company until 1870, when he came to Rouseville, where he was employed as pumper for two years, when he bought some wells and started in business for himself. In 1876 he went to Warren and put down several wells; after that did some drilling on the McClintock farm in Rouseville, where he resided until 1880. In that year he bought the Blood farm of Dr. Cooper, of Oil City, which has been his home ever since. He has drilled all told over 50 wells, some of them total failures, and from the balance he has pumped a great deal of low-priced oil and is still trying to find out by the drilling tools if Mother Earth has more of the "greasy stuff" stored away. Mr. Bankson is proud of being a citizen of our county and enjoys the respect of everybody that knows him. He has always taken a great interest in our county, especially Cornplanter Township, which he has served as Supervisor for one year and School Director for six years. Both of these positions were given to him without any effort on his part.

RESIDENCE OF

W. HARVEY HUGHES, Cranberry Township.

The subject of this sketch is a prosperous farmer of Cranberry Township, where he was born January 18, 1847, his parents being Roland and Susan (Ridgway) Hughes, both natives of this county. He was educated in the common schools and at the early age of tweny-one years entered the refining business in Franklin. In 1875 he sold his interest to his partner. He was married April 17, 1873, to Flora Mays, a native of this county, daughter of Henry and Lovina Mays. Mr. and Mrs. Hughes have had born to them five children, two of whom are living, Lovina M. and Audley W. In politics he is a Republican and has served as School Director and filled other local offices. He was elected County Auditor in the autumn of 1872 and served three years. At the present time he is engaged in farming and oil producing.

RESIDENCE OF

Hon. HENRY F. JAMES.

Henry F. James, of Venango County, son of Edward and Sarah G. (Sansbury) James, was born in Nantucket, Mass. In 1861 he removed to Venango County, Pa., attracted by the petroleum development. Early in 1864 he superintended important oil interests in Pithole. In 1871 he removed to Sugarcreek township to take charge of the Franklin pipe line. Soon he leased a large part of the old McCalmont farm and began operating on his own account, meeting with much success. The public schools of Sugarcreek have no warmer, wiser friend, and to his efforts their high standard of excellence is largely attributable. He was also one of the organization and during its entire existence an active director of the Venango Agricultural Society. He served three terms in the Legislature, having been re-elected in 1894 by an immense majority. His sturdy defense of the rights of his constituents, when adverse legislation threatened grave disaster to the producers of Venango and adjacent counties, won him the confidence of all classes, irrespective of party. He is a ready speaker, a man of unquestioned integrity, personally hospitable, a profound hater of shams, influential with his fellow-members and in every way admirably qualified to represent an intelligent, progressive constituency.
